76 in each school building office and the central office.
- 77 • A complaint should be filed as soon as possible after the conduct occurs but not later

81 complaint is against the superintendent, the board may appoint an investigating
82 officer. In other instances, the investigation shall be conducted by the building
83 principal, the compliance coordinator, or another individual appointed by the board or
84 the superintendent. The investigation shall be informal but thorough. The complainant

87 useful information.
- 88 • A written determination of the complaint's validity and a description of the resolution
89 shall be issued by the investigator, and a copy shall be forwarded to the complainant
90 and the respondent within 30 days after the filing of the complaint. If the investigator

- 109 ● The complainant or respondent may appeal the determination of the complaint.
- 110 ● Appeals shall be heard by the district compliance coordinator, a hearing officer
- 111 appointed by the board or the superintendent, or by the board itself.
- 112 ● The request to appeal the resolution shall be made within 20 days after the date of the
- 113 written determination of the complaint at the lower level.
- 114 ● The appeal officer shall review the evidence gathered by the investigator at the lower
- 115 level and the investigator’s report and shall afford the complainant and the respondent
- 116 an opportunity to submit further evidence, orally or in writing, within 10 days after
- 117 the appeal is filed.
- 118 ● The appeal officer will issue a determination of the complaint’s validity on appeal
- 119 and a description of its resolution within 30 days after the appeal is filed.

120
121 If it has been determined at any level that discrimination or harassment has occurred, the
122 district will take prompt, remedial action to prevent its reoccurrence. The district prohibits
123 retaliation or discrimination against any person for opposing discrimination, including
124 harassment; for participating in the complaint process; or making a complaint, testifying,
125 assisting, or participating in any investigation, proceeding, or hearing.

126
127 Use of this complaint procedures is not a prerequisite to the pursuit of any other remedies
128 including the right to file a complaint with the Office for Civil Rights of the U.S. Department of
129 Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights

4 The board of education is committed to providing a positive and productive working and
5 learning environment, free from discrimination on the basis of sex, including sexual harassment.
6 The district does not discriminate on the basis of sex in admissions, employment or the
7 educational programs or activities it operates and is prohibited by Title IX from engaging in such
8 discrimination. Discrimination on the basis of sex, including sexual harassment, will not be
9 tolerated in the school district. Discrimination on the basis of sex of employees or students of the
10 district in any district education program or activity is strictly prohibited.

11
12 Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the
13 Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts
14 Against Discrimination. All forms of sexual harassment are prohibited at school, on school
15 property, and at all school-sponsored activities, programs or events within the United States.

16
17 It shall be a violation for any employee to discourage a student or another employee from
18 filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under
19 the provisions of this policy. Violation of this policy by any employee shall result in disciplinary
20 action, up to and including termination.

21
22 Sexual harassment shall include conduct on the basis of sex involving one or more of the
23 following: (1) a district employee conditioning the provision of an aid, benefit, or service of the
24 district on an individual's participation in unwelcomed sexual conduct; (2) unwelcome conduct
25 determined by a reasonable person to be so severe, pervasive, and objectively offensive that it
26 effectively denies a person equal access to the district's educational program or activity; or (3)
27 sexual assault, dating violence, domestic violence, or stalking.

28
29 Sexual harassment may result from verbal or physical conduct or written or graphic
30 material. Sexual harassment may include, but is not limited to, verbal harassment or abuse of a
31 sexual nature; pressure for sexual activity; repeated remarks to a person with sexual or
32 demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement
33 accompanied by implied or explicit threats concerning an employee's job status.

34
35 The district encourages all victims of sexual harassment and persons with knowledge of
36 such harassment to report the harassment immediately. Complaints of sexual harassment will be
37 promptly investigated and resolved. Any person may make a verbal or written report of sex
38 discrimination by any means and at any time.

63 Response to Harassment Complaints

64 The district takes all reports of sexual harassment seriously and will respond
65 meaningfully to every report of discrimination based on sex, including sexual harassment, of
66 which the district has actual knowledge. Employees who believe they have been subjected to
67 sexual harassment should discuss the problem with their immediate supervisor, the executive
68 director of human resources or the superintendent. If an employee’s immediate supervisor is the
69 alleged harasser, the employee should report the problem to the Title IX Coordinator or the
70 superintendent.
71

72 All employees receiving reports of alleged sexual harassment shall notify the Title IX
73 Coordinator.
74

75 Definitions

76 The following definitions apply to the district in responding to complaints of sexual
77 discrimination including sexual harassment as defined by Title IX of the Education Amendments
78 of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Act Against Discrimination.
79

80 The “complainant” means an individual who is alleged to be a victim of conduct that
81 could constitute sexual harassment.
82

83 “Dating violence” means violence committed by a person who is or has been in a social
84 relationship of a romantic or intimate nature with the victim where the existence of such a
85 relationship shall be determined based on a consideration of the length of the relationship, the
86 type of relationship, and the frequency of interaction between the persons involved.
87

88 The “decision-maker” reviews all the evidence and prepares an impartial written
89 responsibility determination as to whether the alleged conduct occurred and provides an
90 opportunity for the parties and their representatives to prepare written questions to be answered
91 by the other party. The decision-maker shall not be the Title IX Coordinator or investigator.
92

93 “Domestic violence” includes crimes of violence committed by a person who is a current
94 or former spouse, partner, person with whom the victim shares a child, or who is or has
95 cohabited with the victim as a spouse or partner, by a person similarly situated to a spouse of the

97

98

99 victim under Kansas or applicable federal law, or by any other person against an adult or youth
100 victim having protection from such person's acts by Kansas or applicable federal law.

101

102 A "formal complaint" means a document filed by a complainant or signed by the Title IX
103 Coordinator alleging sexual harassment against a respondent and requesting that the district
104 investigate the allegation of sexual harassment.

105

106 The "investigator" is the person who carries out the investigation after the formal
107 complaint is filed and conducts interviews of the witnesses, collects and documents evidence,
108 and drafts an investigative report.

109

110 A "respondent" is an individual who has been reported to be the perpetrator of conduct
111 that could constitute sexual harassment.

112

113 "Sexual assault" means an offense classified as a forcible or non-forcible sex offense
114 under the uniform crime reporting system of the Federal Bureau of Investigation.

115

116 "Stalking" means engaging in a course of conduct directed at a specific person that would
117 cause a reasonable person to fear for his or her safety or the safety of others or to suffer
118 substantial emotional distress.

119

120 The "Title IX Coordinator" is the individual designated at the district level who has
121 responsibility to coordinate compliance with Title IX of the Education Amendments of 1972,
122 Title VII of the Civil Rights Act of 1964 regarding discrimination on the basis of sex, and the
123 Kansas Act Against Discrimination. The Title IX Coordinator's responsibilities include, but are
124 not limited to, developing materials and ensuring professional development occurs for staff
125 involved in Title IX compliance, creating systems to centralize records, gathering relevant data,
126 contacting the complainant (and/or parents or guardians, if applicable) once the district has actual
127 knowledge of alleged sexual harassment, coordinating the implementation of supportive
128 measures, signing a formal complaint to initiate a grievance process, and ensuring any remedies
129 are implemented.

130

131 The Title IX Coordinator, any investigator, decision-maker, or any person who facilitates
132 an informal resolution process shall not have a conflict of interest or bias for or against the
133 complainant or respondent. These individuals shall receive training on the definition of sexual
134 harassment; the scope of the education program and activities; how to conduct an investigation,
135 including appeals and informal resolution processes; and how to serve impartially, including
136 avoiding prejudgment of the facts, conflicts of interest, and bias. Decision-makers shall receive
137 training on issues of relevance of questions and evidence, including when questions and evidence
138 about the complainant's sexual predisposition or prior sexual behaviors are not relevant.
139 Investigators shall receive training on issues of relevance of questions and evidence in order for
140 them to create investigative reports that fairly summarize relevant evidence.

141

142 Any employee who witnesses an act of sexual harassment or receives a complaint of
143 harassment from another employee or a student shall report the complaint to his/her immediate

145 (Certified/Classified Staff)

146

147 supervisor, the Title IX Coordinator, or the superintendent. Employees who fail to report
148 complaints or incidents of sexual harassment to appropriate school officials may face
149 disciplinary action. District officials who fail to investigate and take appropriate corrective
150 action in response to complaints of sexual harassment may also face disciplinary action.

151

152 Complaints received will be investigated to determine whether, under the totality of the
153 circumstances, the alleged behavior constitutes sexual harassment under the definition outlined
154 above. Unacceptable conduct may or may not constitute sexual harassment, depending on the
155 nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unac-
156 ceptable but do not constitute harassment may also result in employee discipline.

157

158 If discrimination or harassment has occurred, the district will take prompt, remedial
159 action to stop it and prevent its reoccurrence.

160

161 The Title IX Coordinator shall promptly respond in a meaningful way to any reports of
162 sexual discrimination including sexual harassment of which the district has actual knowledge as
163 follow:

164

- 165 • contact the complainant within 10 business days and discuss the availability of
166 supportive measures, with or without the filing of a formal complaint, and consider
167 the complainant's wishes as to supportive measures; and
- 168 • inform the complainant of the right to a formal complaint investigation consistent
169 with Title IX and the informal resolution process.

169

170 Supportive Measures

171 The district will treat the complainant and respondent equitably by offering supportive
172 measures. These non-disciplinary and non-punitive measures will be offered as appropriate, as
173 reasonably available, and without cost to the complainant or the respondent. Supportive
174 measures are designed to restore or preserve equal access to the education program or activity
175 without unreasonably burdening the other party. "Support Measures" shall include, but not be
176 limited to, measures designed to protect the safety of all parties, to protect the district's
177 educational environment, or to deter sexual harassment. These measures may include counseling,
178 extensions of deadlines or course-related adjustments, modifications of work or class schedules,
179 escort services, mutual restrictions on contact between the parties, changes in work locations,
180 leaves of absence, increased security and monitoring, and other similar measures. The Title IX
181 Coordinator is responsible for coordinating the effective implementation of supportive measures.

182

183 Formal Complaint

184 No investigation of alleged sexual harassment may occur until after a formal complaint
185 has been filed.

186

187 A formal complaint is a document filed by the complainant or signed by the Title IX
188 Coordinator alleging sexual harassment and requesting an investigation. The procedures for
189 filing a formal complaint are as follows.

190

192 (Certified/Classified Staff)

193

- 194 • At the time of filing a formal complaint, a complainant must be participating in or
195 attempting to participate in the education program or activity of the district
196 concerning which the formal complaint is filed.
- 197 • A formal complaint should be filed in writing and contain the name and address of
198 the person filing the complaint. The complaint should briefly describe the alleged
199 violation. Filing of the complaint with the Title IX Coordinator may be done in
200 person, by mail, or by email. If an individual does not wish to file a written
201 complaint, and the matter has not been adequately resolved, the Title IX Coordinator
202 may initiate the complaint. Forms for filing written complaints are available in each
203 school building office and the central office.
- 204 • A complaint should be filed as soon as possible after the conduct occurs, but not later
205 than 180 calendar days after the complainant becomes aware of the alleged violation,
206 unless the conduct forming the basis for the complaint is ongoing.
- 207 • An investigation shall follow the filing of the complaint. If the complaint is against
208 the superintendent, the board shall appoint an investigating officer. In other instances,
209 the investigation shall be conducted by a qualified individual designated by the Title
210 IX Coordinator or another individual appointed by the board. The investigation shall
211 be thorough. All interested persons, including the complainant and the respondent,
212 will be afforded an opportunity to submit written or oral evidence relevant to the
213 complaint.

214

215 **Formal Complaint Notice Requirements**216 Upon filing of a formal complaint, the district shall provide written notice to the known
217 parties including:

- 218 • notice of the allegations of sexual harassment including sufficient details to prepare a
219 response before any initial interview including:
 - 220 ○ the identities of the parties involved, if known;
 - 221 ○ the conduct allegedly constituting sexual harassment; and
 - 222 ○ the date and location of the alleged incident, if known.
- 223 • the district's investigation procedures, including any informal resolution process;
- 224 • a statement that the respondent is presumed not responsible for the alleged conduct
225 and that a determination regarding responsibility will be made by the decision-maker
226 at the conclusion of the investigation;
- 227 • notice to the parties they may have an advisor of their choice and may inspect and
228 review any evidence; and
- 229 • notice to the parties of any provision to the district's code of conduct or policy that
230 prohibits knowingly making false statements or knowingly submitting false
231 information.

232

233 If, in the course of an investigation, the investigator decides to investigate allegations
234 about the complainant or respondent that are not included in the notice initially provided, notice
235 of the additional allegations shall be provided to known parties.

240

241 Formal Complaint Investigation Procedures242 To ensure a complete and thorough investigation and to protect the parties, the
243 investigator shall:

- 244 • ensure that the preponderance of the evidence burden of proof and the burden of
245 gathering evidence is sufficient to reach a determination regarding responsibility rests
246 on the district and not the parties;
- 247 • provide an equal opportunity for the parties to present witnesses and evidence;
- 248 • not restrict either party's ability to discuss the allegations under investigation or to
249 gather and present relevant evidence;
- 250 • allow the parties to be accompanied with an advisor of the party's choice;
- 251 • provide written notice of the date, time, location, participants, and purpose of any
252 interview, meeting, or hearing at which a party is expected to participate;
- 253 • provide the parties equal access to review all the evidence collected which is directly
254 related to the allegations raised in a formal complaint, including the investigation
255 report, and the opportunity to respond to that evidence before a determination is
256 made;
- 257 • be impartial and objectively evaluate all relevant evidence without relying on sex
258 stereotypes;
- 259 • not have conflicts of interest or bias for or against complainants or respondent; and
- 260 • not make credibility determinations based on the individual's status as complainant,
261 respondent, or witness.

262

263 Formal Complaint Investigation Report264 The investigator shall prepare an investigative report that fairly summarizes relevant
265 evidence and share the report with the parties and their advisors for review and response.

266

267 Before completing the investigative report, the investigator must send each party and
268 their advisors the investigative report for review and allow the parties 10 days to submit a written
269 response for the investigator's consideration.

270

271 Decision-Maker's Determination272 Upon receiving the investigator's report, the decision-maker must make a determination
273 regarding responsibility and afford each party the opportunity to submit written, relevant
274 questions that the parties want asked of any party or witness, provide each party with the
275 answers, and allow for additional, limited follow-up questions.

276

277 The decision-maker must issue a written determination regarding responsibility based on
278 a preponderance of the evidence. The decision-maker's written determination shall:

- 279 • identify the allegations potentially constituting sexual harassment;
- 280 • describe the procedural steps taken, including any notifications to the parties, site
281 visits, methods used to gather evidence, and interviews;
- 282 • include the findings of fact supporting the determination;
- 283 • address any district policies and/or conduct rules which apply to the facts;
- 284 • a statement of, and rational for, the result as to each allegation, including a

286 (Certified/Classified Staff)

287

- 288 • determination regarding responsibility; and
- 289 • the procedures and permissible bases for the complainant and/or respondent to appeal
- 290 the determination.

291

292 The written determination may, but is not required to, recommend disciplinary sanctions
293 and any remedies designed to preserve access to the educational program or activity that may be
294 provided by the district to the complainant.

295

296 A copy of the written determination shall be provided to both parties simultaneously.

297

298 The range of disciplinary sanctions and remedies may include, but may not be limited to,
299 supportive measures, short-term suspension, long-term suspension, expulsion for students, and/or
300 termination for employees. Complainants and respondents shall be treated equitably by providing
301 remedies to a complainant where a determination of responsibility for sexual harassment has
302 been made. The Title IX Coordinator is responsible for the effective implementation of any
303 remedies. If the investigation results in a recommendation that a student be suspended or
304 expelled, procedures outlined in board policy and state law governing student suspension and
305 expulsion will be followed.

306

307 If the investigation results in a recommendation that an employee be suspended with or
308 without pay or terminated, procedures outlined in board policy, the negotiated agreement (as
309 applicable) and/or state law will be followed.

310

311 Records relating to complaints filed and their resolution shall be maintained by the Title
312 IX Coordinator for seven years.

313

314 The decision becomes final on the date the parties receive the results of an appeal, if any
315 appeal is filed, or on the date the opportunity for an appeal expires.

316

317 Appeals

318 The complainant or respondent may appeal the decision-maker's determination regarding
319 responsibility or a dismissal of a formal complaint, on the following bases:

320

- 321 • procedural irregularity that affected the outcomes;
- 322 • new evidence that was not reasonably available at the time that could affect the
323 outcome; and/or
- 324 • the Title IX Coordinator, investigator, or decision-maker had a conflict of interest or
325 bias against either party that affected the outcome.

325

326 The request to appeal shall be made in writing to the Title IX Coordinator within 10 days
327 after the date of the written determination. Appeals shall be a review of the record by an
328 attorney, an independent hearing officer appointed by the board, or the board. The appeal
329 decision-maker may not be the Title IX Coordinator, the investigator, or the decision-maker from
330 the original determination.

331

333 (Certified/Classified Staff)

334

335 The appeal decision-maker will issue a written decision within 30 days after the appeal is
336 filed. The appeal decision-maker will describe the result of the appeal and the rationale for the
337 result.

338

339 The appeal decision-maker shall:

- 340 • review the evidence gathered by the investigator, the investigator’s report, and the
341 original decision-maker’s determination;
- 342 • notify both parties in writing of the filing of the appeal and give them an opportunity
343 to submit further evidence in writing;
- 344 • not have a conflict of interest or bias for or against complainant or respondent and
345 receive the required training;
- 346 • issue a written decision and the rationale for the decision within 30 days after the
347 appeal is filed;
- 348 • describe the result of the appeal and the rationale for the result in the decision; and
349 • provide the written decision simultaneously to both parties and to the Title IX
350 Coordinator.

351

352 Informal Resolution Process

353 At any time during the formal complaint process and prior to reaching a determination
354 regarding responsibility, the district may facilitate an informal resolution process, such as
355 mediation, that does not involve a full investigation and determination of responsibility.

356

357 The informal resolution process may be facilitated by a trained educational professional,
358 consultant, or other individual selected by the Title IX Coordinator under the following
359 conditions:

- 360 • the parties are provided a written notice disclosing the allegations, the requirements
361 of the informal resolution process, information on when it may preclude the parties
362 from resuming a formal complaint arising from the same allegations;
- 363 • at any time prior to agreeing to a resolution, any party has the right to withdraw from
364 the informal resolution process and resume the investigation of the formal complaint
365 and be informed of any consequences resulting from participating in the informal
366 resolution process;
- 367 • the parties voluntarily and in writing consent to the informal resolution process; and
368 • the informal resolution process cannot be used to resolve allegations that an employee
369 sexually harassed a student.

370

371 If the matter is resolved to the satisfaction of the parties, the facilitator shall document the
372 nature of the complaint and the proposed resolution, have both parties sign the documentation
373 and receive a copy, and forward it to the Title IX Coordinator. Within 20 days after the
374 complaint is resolved in this manner, the Title IX Coordinator shall contact the complainant to
375 determine if the resolution of the matter remains acceptable. If the matter is not resolved, or if
376 the individual does not believe the resolution remains acceptable within 20 days after the
377 informal resolution document is executed, the individual or the Title IX Coordinator may
378 proceed with the formal complaint process.

380 (Certified/Classified Staff)

381

382 If discrimination or harassment has occurred, the district will take prompt, remedial
383 action to prevent its reoccurrence. The district prohibits retaliation or discrimination against any
384 person for opposing discrimination, including harassment, for participating in the complaint
385 process, or making a complaint, testifying, assisting, or participating in any investigation,
386 proceeding, or appeal.

387

388 Use of this complaint procedure is not a prerequisite to the pursuit of any remedies,
389 including the right to file a complaint with the Office for Civil Rights of the U.S. Department of
390 Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights
391 Commission.

392

393 Initiation of a complaint of sexual harassment in good faith will not adversely affect the
394 job security or status of an employee, nor will it affect his or her compensation. Any act of
395 retaliation or discrimination against any person who has filed a complaint or testified, assisted, or
396 participated in an investigation, proceeding, or hearing involving discrimination including sexual
397 harassment is prohibited. Any person who retaliates is subject to immediate disciplinary action,
398 up to and including termination of employment.

399

400 To the extent possible, while still following the above procedures, confidentiality will be
401 maintained throughout the investigation and resolution of a complaint. The desire for
402 confidentiality must be balanced with the district’s obligation to conduct a thorough
403 investigation, to provide supportive measures to both parties, to take appropriate corrective
404 action, and to provide due process to the complainant and the respondent.

405

406 False or malicious complaints of sexual harassment may result in corrective or
407 disciplinary action up to and including termination of employment.

408

409 A summary of this policy and the complaint procedures including how to report or file a
410 formal complaint of sex discrimination or sexual harassment shall be posted in each district
411 facility, shall be published in employee handbooks, on the district website, and as otherwise
412 directed by the superintendent. Notification of the policy may include posting information
413 notices, publishing in local newspapers, publishing in newspapers and magazines operated by the
414 school, or distributing memoranda or other written communications to students and employees.
415 In addition, the district is required to include a statement of nondiscriminatory policy in any
416 bulletins, announcements, publications, catalogs, application forms, or other recruitment
417 materials that are made available to participants, students, applicants, or employees.

1 **GAACA Racial and Disability Harassment: Employees**

GAACA

2 (Certified/Classified Staff) (See GAF, JGECA, KN)

3
4 The board of education is committed to providing a positive and productive working and
5 learning environment, free from discrimination, including harassment, on the basis of race, color,
6 national origin, or disability. Racial and disability harassment will not be tolerated in the school
7 district. Racial or disability harassment of employees or students of the district in any district
8 education program or activity is strictly prohibited.

9
10 Racial harassment is unlawful discrimination on the basis of race, color or national origin
11 under Titles VI and VII Civil Rights Act of 1964, and the Kansas Acts Against Discrimination.
12 Disability harassment is unlawful discrimination on the basis of disability under Section 504 of
13 the Rehabilitation Act of 1973 and the Americans with Disabilities Act. All forms of racial and
14 disability harassment are prohibited at school, on school property, and at all school-sponsored
15 activities, programs or events.

16
17 It shall be a violation for any employee to discourage a student or another employee from
18 filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under
19 the provisions of this policy. Violations of this policy by any employee shall result in
20 disciplinary action, up to and including termination.

21
22 Harassment prohibited by this policy includes racially or disability-motivated conduct
23 which

- 24 • affords an employee different treatment, solely on the basis of race, color, national
25 origin, or disability, in a manner which interferes with or limits the ability of the
26 employee to participate in or benefit from the services, activities or programs of the
27 school; or
- 28 • is sufficiently severe, pervasive or persistent so as to have the purpose or effect of
29 creating a hostile working environment; or
- 30 • is sufficiently severe, pervasive or persistent so as to have the purpose or effect of
31 interfering with an individual's work performance or employment opportunities.

32
33 Racial or disability harassment may result from verbal or physical conduct or written or
34 graphic material.

35
36 The district encourages all victims of racial or disability harassment and persons with
37 knowledge of such harassment to report the harassment immediately. Complaints of racial or
38 disability harassment will be promptly investigated and quickly resolved.

39
40 Employees who believe they have been subjected to racial or disability harassment
41 should discuss the problem with their immediate supervisor. If an employee's immediate
42 supervisor is the alleged harasser, the employee should discuss the problem with the building
43 principal or the executive director of human resources. Employees who do not believe the matter
44 is appropriately resolved through this meeting may file a formal complaint under the district's
45 discrimination complaint procedure in policy KN.

46 **GAACA Racial and Disability Harassment: Employees**
47 (Certified/Classified Staff)

GAACA-2

48
49 Complaints received will be investigated to determine whether, under the totality of the
50 circumstances, the alleged behavior constitutes racial or disability harassment under the definitions
51 outlined above. Unacceptable conduct may or may not constitute racial or disability harassment,
52 depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors
53 which are unacceptable but do not constitute harassment may also result in employee discipline.

54
55 If discrimination or harassment has occurred, the district will take prompt, remedial action to
56 prevent its reoccurrence.

57
58 Any employee who witnesses an act of racial or disability harassment or receives a
59 complaint of harassment from another employee or a student shall report the complaint to their
60 immediate supervisor, the executive director of human resources or the superintendent. Employees
61 who fail to report complaints or incidents of racial or disability harassment to appropriate school
62 officials may face disciplinary action. School administrators who fail to investigate and take
63 appropriate corrective action in response to complaints of racial or disability harassment may also
64 face disciplinary action, up to and including termination.

65
66 Initiation of a complaint of racial or disability harassment in good faith will not adversely
67 affect the job security or status of an employee, nor will it affect his or her compensation. Any act
68 of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or
69 participated in any investigation, proceeding, or hearing involving a racial or disability harassment
70 complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to
71 and including termination from employment.

72
73 To the extent possible, confidentiality will be maintained throughout the investigation of a
74 complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a
75 thorough investigation, to take appropriate corrective action, or to provide due process to the
76 accused.

77
78 False or malicious complaints of racial or disability harassment may result in corrective or
79 disciplinary action against the complainant.

80
81 A summary of this policy shall be posted in each district facility and shall be published in
82 employee handbooks, on the district website, and as otherwise directed by the superintendent.
83 Notification of the policy shall be included in the school newsletter or published in the local
84 newspaper annually.

2
3 Any district employee who has reason to know or suspect a child has been injured as a
4 result of physical, mental, or emotional abuse or neglect or sexual abuse, shall promptly report
5 the matter to the local Kansas Department for Children and Families (DCF) office or to the local
6 law enforcement agency if the DCF office is not open. Employees may file a report of suspected
7 abuse anonymously to either DCF by phoning 1-800-922-5330 or to local law enforcement
8 officials. The Code for Care of Children also provides civil immunity from prosecution if the
9 report is made in good faith.

10
11 The employee making the report will not contact the child's family or any other persons
12 to determine the cause of the suspected abuse or neglect.

13
14 DCF or Law Enforcement Access to Students on School Premises

15 The building principal shall allow a student to be interviewed by DCF or law
16 enforcement representatives on school premises to investigate suspected child abuse and shall act
17 as appropriate to facilitate the agency's access to the child and to protect the student's interests
18 during the process. State law grants the investigating agency the authority to determine whether a
19 school employee may be present while the interview is being conducted, taking into account the
20 child's best interests. If asked to sit in on the interview by the agency representative conducting
21 it, the building principal thereof shall oblige such request in order to provide comfort to the child
22 throughout the process and to facilitate the investigation.

23
24 Cooperation Between School and Agencies

25 Principals shall work with DCF and law enforcement agencies to develop a plan of
26 cooperation for investigating reports of suspected child abuse or neglect. To the extent that safety
27 is not compromised, law enforcement officers investigating complaints of suspected child abuse
28 or neglect on school property shall not be in uniform.

29
30 Reporting Procedure

31 The employee shall promptly report to the local DCF office or law enforcement if DCF is
32 closed. The employee shall inform the building administrator immediately after the report is
33 made.

34
35 If appropriate, the principal may confer with the school's social worker, guidance
36 counselor or psychologist. At no time shall the principal or any other staff member prevent or
37 interfere with the making of a suspected child abuse report.

38
39 If available, the following information shall be given by the person making the initial
40 report: name, address, and age of the student; name and address of the parents or guardians;
41 nature and extent of injuries or description of neglect or abuse; and any other information that
42 might help establish the cause of the child's condition.

43
44 Any personal interview or physical inspection of the child by any school employee shall
45 be conducted in an appropriate manner with an adult witness present.

46
47 State law provides that anyone making a report in good faith and without malice shall be
48 immune from any civil liability that might otherwise be incurred or imposed.

1 **GAAE Bullying**

GAAE

2 (See GAAB, JCE, JGEC, JGECA, JDD and EBC)

3
4 The board prohibits acts of bullying in any form, including cyberbullying, on or with
5 district property, in district vehicles or at district-sponsored activities or events. The board
6 believes that a safe, healthy and supportive environment during all school-related functions is
7 necessary for students to learn and achieve high academic standards. Bullying, like other
8 disruptive or violent behaviors, is conduct that interferes with both a student’s ability to learn and
9 the district’s ability to educate students. All Salina USD 305 staff members, students, parents and
10 volunteers are expected to treat others with dignity, civility and respect and to refuse to tolerate
11 bullying in order to provide positive examples for acceptable student behavior.

12
13 Bullying is defined as any intentional gesture or any intentional written, verbal or
14 physical act or threat by any student, staff member or parent towards a student or towards a staff
15 member which is sufficiently severe, persistent or pervasive to create an intimidating, threatening
16 or abusive educational environment that a reasonable person, under the circumstances, knows or
17 should know will have the effect of

- 18
19 • harming a student or staff member, whether physically or mentally,
20 • damaging a student’s or staff member’s property,
21 • placing a student or staff member in reasonable fear of harm to the student or staff
22 member, or
23 • placing a student or staff member in reasonable fear of damage to the student’s or
24 staff member’s property.

25
26 “Cyberbullying” is defined as bullying by use of any electronic communication device
27 through means, including, but not limited to, email, instant messaging, text messages, blogs,
28 mobile phones, pagers, online games and websites.

29
30 “District vehicle” means any school bus, school van, other school vehicle and private
31 vehicle used to transport students or staff members to and from school or any school-sponsored
32 activity or event.

33
34 The board expects students to conduct themselves in a manner in keeping with their
35 levels of development, maturity, and demonstrated capabilities with a proper regard for the rights
36 and welfare of other students, school staff and volunteers.

37
38 The board believes the standards for appropriate student behavior must be established
39 cooperatively with input from students, parents/guardians, staff and the community. These
40 standards must encourage the development of student self-discipline in an atmosphere of respect
41 for self and others and respect for district and community property.

42
43 The board believes that the best discipline is acceptance of personal responsibility and is
44 self-imposed. It is the responsibility of staff to use disciplinary situations as opportunities for
45 helping students learn to assume responsibility and to learn from the consequences of their
46 behavior. Staff members who interact with students shall apply best practices designed to *prevent*
47 discipline problems and encourage students’ abilities to develop self-discipline.

49
50 The district prohibits both active and passive bystander support for acts of bullying. The
51 staff should encourage students to support students who walk away from these acts when this
52 would defuse the situation, constructively attempt to stop them, or report them to the designated
53 authority.

54
55 The board requires school administrators to develop and implement procedures ensuring
56 that individualized attention be given to both perpetrators and victims of bullying, when
57 incidents occur. It is important not to target either bully or victim for criticism, but rather to
58 make sure that all the factors contributing to the bullying are recognized and understood.

59
60 Complaint Procedures

61 It is the responsibility of all students, staff members and volunteers to report acts of
62 bullying. All reports of bullying will be taken seriously. Staff members receiving the reports will
63 record the details as reported. The school staff or administrator will support students, coworkers
64 and volunteers making such reports and protect against any potential retaliation. An investigation
65 to determine the facts will take place immediately or as soon as practicable in order to verify the
66 validity and seriousness of the report.

67
68 Filing a report in good faith will not reflect upon the individual's status, nor will it affect
69 his or her grades, employment or volunteer status with the district. The district shall keep the
70 complaint confidential for both the accused and the accuser, until such time as the misconduct is
71 confirmed and sanctions are imposed.

72
73 The board specifically prohibits any person from falsely accusing another as a means of
74 bullying. The consequences and appropriate remedial action for a *student* found to have falsely
75 accused another as a means of bullying may range from positive behavioral interventions up to
76 and including suspension or expulsion. A *school employee* found to have falsely accused another
77 as a means of bullying shall be disciplined in accordance with district policies, procedures, and
78 agreements.

79
80 The board prohibits reprisal or retaliation against any person who reports an act of
81 bullying. The consequences and appropriate remedial action for a person who engages in reprisal
82 or retaliation shall be determined by the administrator after consideration of the nature, severity,
83 and circumstances of the act.

34 municipality. This term includes a campus police officer.
35

36 “Legitimate Law Enforcement Purpose” means a goal within the lawful authority of an

53 to a safe location.

54
55 “Physical Restraint” means bodily force used to substantially limit a student’s movement,
56 except that consensual, solicited or unintentional contact and contact to provide comfort,
57 assistance or instruction shall not be deemed to be physical restraint.

58
59 “Purposefully Isolate” when used regarding a student, means that school personnel are
60 not meaningfully engaging with the student to provide instruction and any one of the following
61 occurs: (1) removal of the student from the learning environment by school personnel; (2)
62 separation of the student from all or most peers and adults in the learning environment by school
63 personnel; or (3) placement of the student within an area of purposeful isolation by school
64 personnel.

65
66 “School Resource Officer” means a law enforcement officer or police officer employed

75 “Seclusion” means placement of a student for any reason other than for in-school
76 suspension, detention, or any other appropriate disciplinary measure in a location where both of
77 the following conditions are met: (1) school personnel purposefully isolate the student; and (2)

79 from leaving the area of purposeful isolation.

80
81 “Time-Out” means a behavioral intervention in which a student is temporarily removed
82 from a learning activity without being secluded.

83
84 **Prohibited Types of Restraint**

- 86 • Using face-down (prone) physical restraint;
- 87 • Using face-up (supine) physical restraint;
- 88 • Using physical restraint that obstructs the student’s airway;
- 89 • Using physical restraint that impacts a student’s primary mode of communication;
- 90 • Using chemical restraint, except as prescribed treatments for a student’s medical
91 or psychiatric condition by a person appropriately licensed to issue such
92 treatments; and
- 93 • Use of mechanical restraint, except

95 with an order from a person appropriately licensed to issue the order for
96 the device;

- 100 ○ Any device used by a certified law enforcement officer to carry out law
 - 101 enforcement duties; or
 - 102 ○ Seatbelts and other safety equipment when used to secure students during
 - 103 transportation.

104

105 Use of Emergency Safety Intervention

106 ESI shall be used only when a student presents a reasonable and immediate danger of

107 physical harm to such student or others with the present ability to effect physical harm. Less

108 restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed

109 inappropriate or ineffective under the circumstances by the school employee witnessing the

110 student's behavior prior to the use of any ESI. The use of ESI shall cease as soon as the

111 immediate danger of physical harm ceases to exist. Violent action that is destructive of property

112 may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment or for

113 the convenience of a school employee shall not meet the standard of immediate danger of

114 physical harm.

115

116 ESI Restrictions

117 A student shall not be subjected to ESI if the student is known to have a medical

118 condition that could put the student in mental or physical danger as a result of ESI. The existence

119 of such medical condition shall be indicated in a written statement from the student's licensed

120 health care provider, a copy of which has been provided to the school and placed in the student's

121 file.

122

123 Such written statement shall include an explanation of the student's diagnosis, a list of

124 any reasons why ESI would put the student in mental or physical danger, and any suggested

125 alternatives to ESI. In spite of the provisions of this subsection, a student may be subjected to

126 ESI if not subjecting the student to ESI would result in significant physical harm to the student or

127 others.

128

129 Use of Seclusion

130 When a student is placed in seclusion, a school employee shall see and hear the student at

131 all times. The presence of another person in the area of purposeful isolation or observing the

132 student from outside the area of purposeful isolation shall not create an exemption from

133 otherwise reporting the incident as seclusion. When a student is placed in or otherwise directed

134 to an area of purposeful isolation, the student shall have reason to believe that the student is

135 prevented from leaving.

136

137 If the area of purposeful isolation is equipped with a locking door designed to prevent a

138 student from leaving the area of purposeful isolation, the door shall be designed to ensure that

139 the lock automatically disengages when the school employee viewing the student walks away

140 from the area of purposeful isolation, or in case of emergency, such as fire or severe weather.

141

142 An area of purposeful isolation shall be a safe place with proportional and similar

143 characteristics as those of rooms where students frequent. Such area shall be free of any

144 condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

145 **GAAF Emergency Safety Intervention**

GAAF-4

146 (See GAO, JRB, JQ and KN)

147
148 **Training**

149 All staff members shall be trained regarding the use of positive behavioral intervention
150 strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent
151 with nationally recognized training programs on ESI. The intensity of the training provided will
152 depend upon the employee's position. Administrators, licensed staff members, and other staff
153 deemed most likely to need to restrain a student will be provided more intense training than
154 classified staff who do not work directly with students in the classroom. District and building
155 administration shall make the determination of the intensity of training required by each position.

156
157 Each school building shall maintain written or electronic documentation regarding the
158 training that was provided and a list of participants which shall be made available for inspection
159 by the state board of education upon request.

160
161 **Notification and Documentation**

162 The principal or designee shall notify the parent the same day as an incident. The same-
163 day notification requirement of this subsection shall be deemed satisfied if the school attempts at
164 least two methods of contacting the parent. A parent may designate a preferred method of contact
165 to receive the same-day notification. Also, a parent may agree, in writing, to receive only one
166 same-day notification from the school for multiple incidents occurring on the same day.

167
168 Documentation of the ESI used shall be completed and provided to the student's parents
169 no later than the school day following the day of the incident. Such written documentation shall
170 include: (1) the events leading up to the incident; (2) student behaviors that necessitated the ESI;
171 (3) steps taken to transition the student back into the educational setting; (4) the date and time the
172 incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who
173 used or supervised the ESI; (5) space or an additional form for parents to provide feedback or
174 comments to the school regarding the incident; (6) a statement that invites and strongly
175 encourages parents to schedule a meeting to discuss the incident and how to prevent future
176 incidents; and (7) email and phone information for the parent to contact the school to schedule
177 the ESI meeting. Schools may group incidents together when documenting the items in
178 subparagraphs (1), (2) and (3) if the triggering issue necessitating the ESI is the same.

179
180 The parent shall be provided the following information after the first and each subsequent
181 incident during each school year; (1) a copy of this policy which indicates when ESI can be used;
182 (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through
183 the local dispute resolution process (which is set forth in this policy) and the complaint process
184 of the state board of education; and (4) information that will assist the parent in navigating the
185 complaint process, including contact information for Families Together and the Disability Rights
186 Center of Kansas.

187
188 Upon the first occurrence of an incident of ESI, the foregoing information shall be
189 provided in printed form or, upon the parent's written request, by email. Upon the occurrence of
190 a second or subsequent incident, the parent shall be provided with a full and direct website
191 address containing such information.

193 **GAAF Emergency Safety Intervention**

GAAF-5

194 (See GAO, JRB, JQ and KN)

195
196 Law Enforcement, School Resource, and Campus Security Officers

197 Campus police officers and school resource officers shall be exempt from the
198 requirements of this policy when engaged in an activity that has a legitimate law enforcement
199 purpose. School security officers shall not be exempt from the requirements of this policy.
200

201 If a school is aware that a law enforcement officer or school resource officer has used
202 seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the
203 parent the same day using the parent’s preferred method of contact. A school shall not be
204 required to provide written documentation to a parent, as set forth above, regarding law
205 enforcement use of an emergency safety intervention or report to the state department of
206 education any law enforcement use of an emergency safety intervention. For purposes of this
207 subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.
208

209 Documentation of ESI Incidents

210 Except as specified above with regard to law enforcement or school resource officer use
211 of emergency safety interventions, each building shall maintain documentation any time ESI is
212 used with a student. Such documentation must include all of the following:

- 213 • Date and time of the ESI,
- 214 • Type of ESI,
- 215 • Length of time the ESI was used,
- 216 • School personnel who participated in or supervised the ESI,
- 217 • Whether the student had an individualized education program at the time of the
218 incident,
- 219 • Whether the student had a Section 504 plan at the time of the incident, and
- 220 • Whether the student had a behavior intervention plan at the time of the incident.
221

222 All such documentation shall be provided to the building principal, who shall be
223 responsible for providing copies of such documentation to the superintendent on at least a
224 biannual basis. At least once per school year, each building principal or designee shall review the
225 documentation of ESI incidents with appropriate staff members to consider the appropriateness
226 of the use of ESI in those instances.
227

228 Reporting Data

229 District administration shall report ESI data to the state department of education as
230 required.
231

232 Parent Right to Meeting on ESI Use

233 After each incident, a parent may request a meeting with the school to discuss and debrief
234 the incident. A parent may request such meeting verbally, in writing, or by electronic means. A
235 school shall hold a meeting requested under this subsection within 10 school days of the parent’s
236 request. The focus of any such meeting shall be to discuss proactive ways to prevent the need
237 for emergency safety interventions and to reduce incidents in the future.
238

239 For a student with an IEP or a Section 504 plan, such student’s IEP team or Section 504
240 plan team shall discuss the incident and consider the need to conduct a functional behavioral

GAAF-6

243
244 assessment, develop a behavior intervention plan or amend the behavior intervention plan if
245 already in existence.

246
247 For a student with a Section 504 plan, such student’s Section 504 plan team shall discuss
248 and consider the need for a special education evaluation. For students who have an
249 individualized education program and are placed in a private school by a parent, a meeting called
250 under this subsection shall include the parent and the private school, who shall consider whether
251 the parent should request an individualized education program team meeting. If the parent
252 requests an individualized education program team meeting, the private school shall help
253 facilitate such meeting.

254
255 For a student without an IEP or Section 504 plan, the school staff and the parent shall
256 discuss the incident and consider the appropriateness of a referral for a special education
257 evaluation, the need for a functional behavioral assessment, or the need for a behavior
258 intervention plan. Any such meeting shall include the student’s parent, a school administrator
259 evaluation, the need for a functional behavioral assessment, or the need for a behavior
260 intervention plan. Any such meeting shall include the student’s parent, a school administrator for
261 the school the student attends, one of the student’s teachers, a school employee involved in the
262 incident, and any other school employees designated by the school administrator as appropriate
263 for such meeting.

264
265 The student who is the subject of such meetings shall be invited to attend the meeting at
266 the discretion of the parent. The time for calling such a meeting may be extended beyond the ten
267 day limit if the parent of the student is unable to attend within the time period. Nothing in this
268 section shall be construed to prohibit the development and implementation of a functional
269 behavior assessment or a behavior intervention plan for any student if such student would benefit
270 from such measures.

271
272 **Local Dispute Resolution Process**

273 If a parent believes that an emergency safety intervention has been used on the parent’s
274 child in violation of state law or board policy, the parent may file a complaint as specified below.

275
276 The board encourages parents to attempt to resolve issues relating to the use of ESI
277 informally with the building principal and/or the superintendent before filing a formal complaint
278 with the board. Once an informal complaint is received, the administrator handling such
279 complaint shall investigate such matter, as deemed appropriate by the administrator. In the event
280 that the complaint is resolved informally, the administrator must provide a written report of the
281 informal resolution to the superintendent and the parents and retain a copy of the report at the
282 school. The superintendent will share the informal resolution with the board and provide a copy
283 to the state department of education.

284
285 If the issues are not resolved informally with the building principal and/or the
286 superintendent, the parents may submit a formal written complaint to the board by providing a
287 copy of the complaint to the clerk of the board and the superintendent within thirty days after the
288 parent is informed of the incident.

289 **GAAF Emergency Safety Intervention**
290 (See GAO, JRB, JQ and KN)

GAAF-7

291
292 Upon receipt of a formal written complaint, the board president shall assign an
293 investigator to review the complaint and report findings to the board as a whole. Such
294 investigator may be a board member, a school administrator selected by the board, or a board
295 attorney. Such investigator shall be informed of the obligation to maintain confidentiality of
296 student records and shall report the findings of fact and recommend corrective action, if any, to
297 the board in executive session.

298
299 Any such investigation must be completed within thirty days of receipt of the formal
300 written complaint by the board clerk and superintendent. On or before the 30th day after receipt
301 of the written complaint, the board shall adopt a report containing written findings of fact and, if
302 necessary, appropriate correction action. A copy of the report adopted by the board shall be
303 provided to the parents, the school, and the state board of education and shall be mailed to the
304 parents and the state department within 30 days of the board's receipt of the formal complaint.

305
306 If desired, a parent may file a complaint under the state board of education administrative
307 review process within thirty days from the date a final decision is issued pursuant to the local
308 dispute resolution process.

5 The board believes that public employment is a public trust. Because maintaining public

7 or gives the appearance to the public of a conflict of interest.
8

9 Definition

10 For purposes of this policy, a conflict of interest is any real or seeming incompatibility
11 between an employee's private interests and his/her district employment that is prejudicial to the
12 district's interests.
13

14 Types of Conflict

15 Following are some of the common conflicts of interest which employees may confront.
16 The list is not meant to be exhaustive. Should an employee be uncertain whether a particular

18 present a written inquiry to the executive director of human resources.
19

20 Misuse of Status or Influence

21 An employee shall not 1) exploit professional relationships with students, colleagues,
22 parents, or school board members for personal gain or private advantage; 2) accept gifts, money
23 or favors from any person or group desiring or doing business with the school district except for
24 honorariums for participating in meetings, nominally valued instructional products or advertising
25 items which are widely distributed or meals provided at a banquet; 3) compromise his/her
26 position by accepting gifts from individuals or special interest groups within the community
27 when such gifts are intended to influence the business of the school or school district; 4) use
28 institutional privileges for promotion or partisan political activities.
29

6 required by statute to those employees who qualify.

7
8 All employees of the district, regardless of assignment, length of assignment, and/or hours
9 worked per day, shall be covered by workers' compensation. Benefits are for personal injury from
10 accident or industrial disease arising out of and in the course of employment in the district.

11
12 An injured employee must notify the human resources department within twenty days of the
13 injury or within thirty days of repetitive trauma in order to be eligible for benefits. An employee who
14 claims an injury or who is involved in an accident in the course of employment may be required to
15 submit to a post-injury chemical test as authorized by Kansas statute. This includes instances where
16 the district administration or workers' compensation coordinator has actual knowledge of an accident
17 whether the employee has or has not requested medical treatment. If such test is refused, all workers'
18 compensation benefits shall be forfeited by the employee.

19
20 The board shall have the right to choose a health care provider to assist any employee who
21 suffers an injury while performing his/her job. However, if an injured employee chooses to go to a
22 medical provider other than the board's designated health care provider, the recovery for such
23 expenses shall be limited to \$500.00.

24
25 Employees absent during their regularly scheduled duty days by reason of workers'
26 compensation injury may supplement their workers' compensation benefits with unused sick and/or
27 vacation benefits if applicable. Sick and/or vacation leave shall be deducted on a prorata amount
28 equal to the percentage of normal daily salary/wage paid by the district. Available paid sick and/or
29 vacation leave may be used for this purpose until 1) available paid sick and/or vacation leave benefits
30 are exhausted; 2) the employee returns to work; or 3) employment is terminated. The combined
31 workers' compensation benefits and salary received under allowed sick and/or vacation leave or other
32 available leave shall not exceed the employee's regular daily rate of pay. Any workers' compensation
33 benefits and FMLA benefits provided in a board approved plan shall run concurrently if both are
34 applicable.

35
36 An employee who is receiving workers' compensation benefits and who is either off work or
37 is working a modified schedule shall be required to provide the human resources department with a
38 written doctor's release before the employee is allowed to return to work or to resume the employee's
39 regular schedule. Should the employee be released by a doctor and fail to return to work or resume

51 <u>TYPE OF UNIFORM SERVICE</u>	<u>TYPE OF DUTY</u>
52 Commissioned Officer Corps of the National 53 Oceanic and Atmospheric Administration, cont. 54	for which a person is absent from a position of of employment for the purpose of an examination 55 to determine the fitness of the person to perform any such duty
56

65 Any Other Category of Persons Designated by 66 the President in a Time of War or National 67 Emergency 68	Active duty, active duty for training, initial active duty for training, inactive duty training, a period for 69 which a person is absent from a position of employment for the purpose of an examination to 70 determine the fitness of the person to perform any such duty
71	

72 The employee may be absent for up to five years for uniformed service and retain reemployment
73 rights. There are, however, exceptions which can exceed the five year limit. Reemployment protection
74 does not depend on the timing, frequency, duration or nature of an individual's service. The law
75 enhances protections for disabled veterans including a requirement to provide reasonable
76 accommodations and up to two years to return to work if convalescing from injuries received during
77 service or training.

78

79 The returning employee is entitled to be reemployed in the job that they would have attained had
80 they not been absent for uniformed service, with the same seniority, status and pay, as well as other
81 rights and benefits determined by law. If necessary, the employer must provide training or retraining that
82 enables the employee to refresh or upgrade their skills so they can qualify for reemployment. While the
83 individual is performing uniformed service, he or she is deemed to be on a furlough or leave of absence
84 and is entitled to the non-seniority rights accorded other individuals on non-USERRA leaves of absence.

85

86 Individuals performing uniformed service of more than 30 days may elect to continue employer-
87 sponsored health care for up to 24 months at a cost of up to 102 percent of the full premium. For
88 uniformed service of less than 31 days, health care coverage is provided as if the individual had never
89 left. All pensions which are a reward for length of service are protected.

90

91 An individual must provide advance written or verbal notice to their employer for any uniformed
92 service. Notice may be provided by the employee or by the branch of the uniformed service in which the
93 individual will be serving.

94

95 Notice is not required if uniformed service necessity prevents the giving of notice; or if the
96 giving of notice is otherwise impossible or unreasonable.

99 Accrued vacation or annual leave may be used, but is not required, while performing uniformed
 100 service. The individual's timeframe for returning to work is based upon the time spent in uniformed
 101 service.

103 TIME SPENT IN 104 UNIFORMED SERVICE	RETURN TO WORK OR APPLICATION FOR REEMPLOYMENT
105 30 or fewer days:	106 Must return at the beginning of the next regularly scheduled work 107 period on the first full day after release from service, taking into 108 account safe travel home plus an eight-hour rest period.
109 31 days – 180 days:	110 Must submit an application for reemployment within 14 days of 111 release from service.
112 More than 180 days:	113 Must submit an application for reemployment within 90 days of 114 release from service.

115 The individual's separation from service must be under honorable conditions in order for the
 116 person to be entitled to reemployment rights. Documentation showing eligibility for reemployment can
 117 be required. The employer has the right to request that an individual who is absent for a period of service
 118 of 31 days or more provide documentation showing

- 119 • the application for reemployment is timely;
- 120 • the five-year service limitation has not been exceeded; and,
- 121 • separation from service was under honorable conditions.

122
 123 If documentation is not readily available or it does not exist, the individual must be reemployed.
 124 However, if after reemploying the individual, documentation becomes available that shows one or more
 125 reemployment requirements were not met, the employer may terminate the individual, effective
 126 immediately. The termination does not operate retroactively.

127
 128 Questions regarding uniformed service leave should be directed to Veterans' Employment and
 129 Training Service, U.S. Department of Labor.

130
 131 Kansas law also requires reemployment if an individual is called to active duty by the state.
